

The 3rd Norwegian PhD Conference in Medical Imaging

Oslo, 21-22 November 2011.

Deadline for registration and abstract submission: 15 September 2011

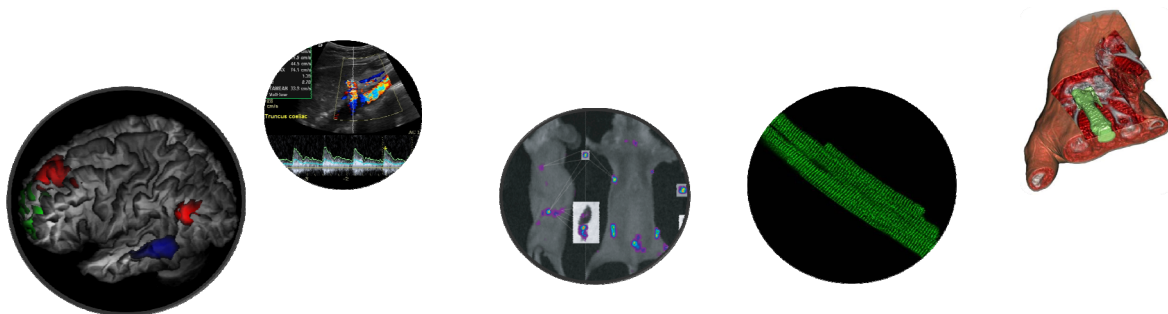

Joint organizers are MedIm – Norwegian Research School in Medical Imaging and the Intervention Centre, OUS.

All expenses are covered for PhD candidates and a number of Post doctoral fellows. Other researchers and health professionals in the field are most welcome!

Program highlights: presentations from the PhD candidates, introductions on hot topics within advanced imaging and panel debate. Prizes are given to the best oral presentation and best poster.

Our recent PhD conference in Bergen attracted 160 participants. This event is turning into a national medical imaging meeting place!

We welcome abstracts on ultrasound, MR, CT, PET, image guided surgery, biomedical optics, and bionanotechnology.
