To muligheder for deltagerne

Option 1: Your payment is kept by NACP and the amount paid now in 2020 is rolled over to NACP 2021. Under this option, you only lose Euro 75 in unrecoverable costs. You will then keep a credit with NACP of the paid amount minus Euro 75. The net amount is credited against your registration for the NACP 2021. You may opt to later transfer this credit to another person / colleague if you personally will not be able to attend in 2021.

Option 2: Your payment is refunded to you now. Under this option, you will be refunded the paid amount minus Euro 195. When you register again for NACP 2021, you will receive Euro 100.- back as a credit on your NACP 2021 registration fee. Under this option, your net loss is therefore Euro 95 in unrecoverable costs. The reason why you lose Euro 20 more under option 2 than under option 1, is due to realized credit card/bank transaction costs. You may opt to transfer your Euro 100 credit to another person / colleague if you personally will not be able to attend in 2021.
